Four Seasons Resort Bora Bora

Four Seasons Resort Bora Bora is surrounded by sand fringed islets on an outer coral reef that encloses a turquoise lagoon. Guests can experience the island's traditions, activities and authentic cuisine during the Bora Bora vacation. The resort's overwater bungalows are perched on stilts above the turquoise lagoon, while the on shore villas stretch along a semi private beach. The views are of beautiful turquoise waters and the majestic Mount Otemanu.

The Brando

With its white sand beaches, swaying coconut palms, colorful birds, and sparkling lagoon, Tetiaroa is a dream paradise, a place of rare biodiversity and a natural sanctuary for birds and marine life. Preserving and protecting this rare habitat and its plant and animal life is critical to the property. Several programs have been applied for both the preservation and restoration of this sanctuary in aid for it to flourish. Tetiaroa has a special place in Polynesian history and culture. It was the exclusive and favored retreat of Tahitian royalty for centuries. Ancient marae (temples) built on the atoll by early Polynesians can still be found there today. With its rich history and ethereal beauty it will always have a special place in the heart of Polynesians.

The resort's two restaurants showcase Polynesian-inspired dishes, East/West fusion and classic French cuisine. The award-winning cuisine of Guy Martin of the Michelin two star restaurant Le Grand Véfour in Paris is featured in both dining venues and in-room dining.
